What job i'm looking for? My positive points

I do not have a lot of work experience as I am new in the world of work. I am looking for new opportunities to better my life since I could not go to varsity. I am currently in a learnership program but I am not benefitting that much since we normally just sit until the end of the day then we go home. It is not helping at all because I love a good challenge, I want to challenge myself and see where I need to improve and start working on it. I am open for any job as long as it can build me.

Preferred work location Mpumalanga
