Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a well spoken professional teacher who majored in the social sciences with a fresh pair of legs and a warrior spirit. I am eager to spread my wings and explore career opportunities both within and beyond my specialty. I have great respect for authority, I work well with others and I'm Computer literate. As a student teacher I've worked alongside various schools learning the power of youth development so any job that has to do with development I would very much be interested in.
