

Webster Magowo

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for lectureship/teaching jobs in biology, molecular and cell biology, biochemistry, biotechnology, microbiology or any related field.

I offer 10+ years of experience in the teaching field. I have a PhD specializing in Chemical Engineering and Biotechnology. My academic journey has equipped me with a deep understanding of the intricacies within the field. I bring not just theoretical knowledge but also practical insights gained through rigorous research and publication.

My three publications in reputable journals and a book chapter demonstrate my ability to conduct high quality research, contribute novel insights to the scientific community, and effectively communicate complex concepts.

I have an Honors in Biochemistry and a Masters in Molecular and Cell Biology, I have worked across various domains such as quality control in the brewing industry. I bring an interdisciplinary perspective that can enrich class discussions and research collaborations, fostering a holistic understanding of biological sciences.

Preferred occupation	Teachers Teaching jobs
Preferred work location	Johannesburg Gauteng
