What job i'm looking for? My positive points

I'm looking any available job within the company. Even becoming a cleaner i will appreciate. Since the level of unemployment in nowadays is to highly. Whatever job in side the industry i will take it and respect it as much as i respect myself. I'm very very desperate for the job. I used to get some internships that won't take even period of 12 month. So my main objective is to improve my Knowledge and skill at any industry. I love to work . I'm not depending on the salary that i will get at the end of the month. Salary won't give me skills and information about the universe. But will make me live.
