Curriculum Vitae (CV)

What job i'm looking for? My positive points

Stay away from a specific job. You cannot win. If you say the job you are contending for is it, you strain credibility. If you say another job is it, you plant the suspicion that you will be dissatisfied with this position if hired. The best is to stay generic and say something like: A job where I love the work, like the people, can contribute and can,t wait to get to work. And There are numerous good possibilities: Loyalty, Energy, Positive attitude, Leadership, Team player, Expertise, Initiative, Patience, Hard work, Creativity, Problem solver
