Curriculum Vitae (CV)

What job i'm looking for? My positive points

A BSc degree graduate majoring in Computer Science and Statistics, with a minor in Mathematics. Currently pursuing an Honours degree in Data Science. I am keen to learning more about data science, while at the same time deepening my knowledge/understanding on machine learning and statistics, along with useful software and other tools that will help me in my data science career. I am eager to start applying all the theory I've learnt to solve business problems in the real world and discover the areas where I am lacking to further grow as a data scientist/ data analyst.

i have worked with industry-leading Data Science tools which include Python, SQL, Power BI, R programming and SAS
