Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a job that can help me to gain experience and skills as I have never been employed before after completing matric. I am a very fast and dedicated learner and believe that I can do well if given the chance. I did commercial subjects in school but I am willing to start at a low level to learn bit by bit. I am an optimistic individual and believe that if given the platform I can succeed at anything.
