Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a young, and goal-driven lawyer with a passion for excellence. Having graduated at the top of my class for the Bachelor of Arts (Law) and in the Dean's list for my Bachelor of Laws, I am committed to the holistic study of the law. As passionate as I am about the study of law, I have also dedicated time to be trained in the practice thereof. My experience in the administrative law, property and land law as well as corporate law practice areas at one of the continent's largest firms demonstrates my grit and well-roundedness as a lawyer. I am a skilled drafter and researcher, as shown by my publication by the Cambridge University Press.

As a young lawyer and aspiring academic, I am committed to learning as much as I am dedicated to contributing to teamwork. Being a junior lawyer in teams ranging from three to even eight people has taught me the important skills of collaboration, reliability and communication. The effective application of these skills has resulted in me being included in key matters and training, as the youngest lawyer in the room. I am a leader who is dedicated to development as well as the production of quality results.
