Curriculum Vitae (CV)

What job i'm looking for? My positive points

Objectives

I am in a confident stage of life where I am ready to commit myself to a permanent position at an employer again, after I've been successfully self-employed and temporarily contracted for the last 12 years of my career. I gained valuable experience of many aspects of the HR industry to such extent that I find myself with 27 years of experience of most duties of a HR generalist. Management position is not new to me and I found myself performing on board level before. For the last 7 years I performed as contracted HR Officer at Die Hoërskool Wagpos as well as representing HR on the School Governing Body. My contract at the latter ended December 2023 due to a total change in the job description of the position. Since then I have been trying to become a stay at home mom but it is not meeting my expectations because I believe that I still want to work while I am healthy and energetic.

During my career I worked together with many cultures and people which I found easy to get along with. My experience enables me to learn less common and strange systems in any HR related industry and makes myself available to learnable practices.

Please find my CV below as application for the current HR position together with supporting documents for your favourable consideration.

Sincerely,

Stephanie Jacobs
