Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have been exposed to positions related to Finance, administration and strategic planning. My qualification in Economics also gives me the extra added edge for this position.

I am very Optimistic, innovative, Hard-working, Time-oriented, Always enthusiastic and remain flexible at all times so it becomes easier to handle tasks and situations that are a little outside my comfort zone. Before looking for work and taking on a new role I had to take care of my sickly mother, it took its toll on me but I managed to pull through. As they say "hard times makes for a stronger person".

I am a person with integrity and high standards. Always attend tasks given, with a friendly honest and loyal nature that gives me the ability to communicate with people of all types. It is of course not very easy to communicate how strong I would be for this position through paper alone.

So I look forward to being able to meet with you and discuss this position even further.
