What job i'm looking for? My positive points

People seem to have this concept that a person near 50 cannot work or does not have the speed required to complete a multiple of tasks. They could not be more wrong as a more mature person is more level-headed, has good leadership skills, ability to multitask, excellent work experience skills therefore has the ability to think-out-of-the-box and to bring calmness to stressful situations, diligent and trustworthy. This all describes me.
