

Emad Sharf

Curriculum Vitae (CV)

What job i'm looking for? My positive points

Organization : Pakchester Rubber Products , Karachi, Pakistan

Duration : October 2010 to date

- Trading and imports

Hydraulic Hose with steel reinforcements

Pneumatic Pipe Poly urethane

Rubber Hoses of variety of sizes used in medical , defence and automotive industry

Rubber sheets of NBR, EPDM , Silicone, CR, PTFE, Fibre Glass laminates

- Development of Hydraulic Pipe crimping workshop for 3000 to 10000 psi applications. Includes machining facility for various end fittings of SS , MS and Brass materials.
- Marketing of the above products within the the local and national customer base.

Organization : Ayub Waseem Polymers , Karachi , Pakistan

Duration : September 1995 till September 2010

- Assigned the job of installing and starting production of Hydraulic compression Moulding of NBR , Natural Rubber , Silicone elastomer products for defence and aerospace applications
- Development of Silicone Elastomer moulds for spin casting of zinc alloys
- Development of Silicone Elastomer extrusion line with steam vulcanization chamber
- Introduction of new range of moulding products comprising of textile and fiber reinforced Hydraulic Seals and machining of PTFE for Hydraulic systems.
- Injection moulding of TPE / TPR , PVC and Nylon 6 precision parts.

Organization: Ayub Waseem Polymers, Karachi Pakistan

Duration: June 1993 till September 1993

Designation: Commissioning and installation Manager

- Assigned the tasks of developing adhesives and flock fiber for the electrostatic flocking of PVC and EPDM extrudates
- Handled responsibilities of analyzing the compounding of the raw material
- Performed the tasks of optimizing product manufacturing process by developing standard development process
- Coordinated with research and development teams in testing products and ensuring quality standards
- Handled responsibilities of writing the fundamental characteristics product development procedures
- Played as a billable resource in process development

Organization: Primasil , Hereford , UK

Duration: June 1994 till August 1994

Designation: Trainee Process Assistant

- Responsible for developing Silicone Rubber Sponge extrudates and improving the colour stability of such products
- Handle the task of improving production efficiencies in the mixing of compounds, moulding and extrusion process so as to reduce the rate of rejection.
- Assigned responsibilities of supporting development teams towards product improvement and application feasibility
- Perform the tasks of managing projects and analyzing root cause failures in the developed products
- Responsible for preparing drawings, determining feasibility of design, and reviewing product manuals
- Ensure that the manufactured and delivered product meets quality standards and guidelines

Educational Summary:

September 1995

B Eng Hons Polymer Engineering,
 University of North London (now Metropolitan University)
 Holloway Road , London , UK

August 1992

GCE A Level Cambridge University (Overseas student)
 Math, Physics, Chemistry
 St Micaels Convent , Karachi , Pakistan

August 1990

GCE O Level London University (Overseas student)
 Math , Add Math , Physics, Chemistry , Eng Lang, Electronics

Preferred occupation	Engineers Engineering jobs
Preferred work location	Pretoria / Tshwane Gauteng
