What job i'm looking for? My positive points

I'm a young and vibrant individual with lots and lots of energy also willing to bring the best of me in doing my job. I'm currently still in college doing my final year in IT course. I hope and believe that wouldn't be a problem that's going to affect my work. I'm kind, understanding, appreciative person. During my spare time I enjoy watching tv and improving my acting skills.
