Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am honest hardworking individual that always gives off my best in any given situation. I am confident in my approach but maintain a humble and teachable attitude always

I enjoy reading, learning and broadening my horizons towards a variety of fields but my passion lies with keeping information, typing and adjusting based on a computer. I believe this stems from an inner desire to help others, especially those less than myself. It is no wonder that I currently find myself under the employ of private companies where I serve as a servant of the company.

Sadly global recession, political and social factors etc have contributed towards creating a stumbling block for my career and I currently face retrenchment from my position at the company. As a result I would welcome any position e.g Admin, Bookkeeping, General work, Receptionist and Clerk (s) for employment and/or opportunity to further my studies. A GOOD WORK ETHOS AND AN ABILITY TO GRASP NEW IDEAS AND METHODOLOGIES, makes me confident that I will be an asset to you and your company/institution

Choosing me is choosing a winner and I believe that, given an opportunity, I will be able to turn my stumbling block into a stepping stone to success

Looking forward to a positive response
