Curriculum Vitae (CV)

What job i'm looking for? My positive points

I received my Bachelor's degree in Social Science at the University Of Fort Hare in which I majored in Psychology which is the study of the human psych and Criminology which is the scientific study of crime, and also went on to do a Post Graduate Diploma in Archives and Records Management where we understand the importance of managing and safeguarding of records, but I was unable to get my certificate due to financial reasons. I have never worked before, I am interested in learning and experiencing new skills, I believe in hard work as I worked hard to obtain my qualifications, and because I am a Capricorn I pay attention to detail, trustworthy and I am also loyal. My studies have equipped me with the ability to come up with solutions to solve problems in real time, to be vigilant, to be dynamic and formal.
