Curriculum Vitae (CV)

What job i'm looking for? My positive points

Everyone copy and paste a cover letter from the net! Instead mine comes from the bottom of my heart.

First of all you have to be a very good established company with a well known name before you can hire me. Why should you hire me?

Because I am a very hard worker very loyal honest and respectable, and want to look after my family providing for them knowing I work for a good company.

I am very creative and trustworthy with over 29 years of experience in the engineering and building industry.

Please give me a opportunity to show you how well your project can be managed. I am a experience contact manager with good people skills and well aware of all kinds of problems and know how to build a good reputation with the client. Costing is also a great concern a know how to work under pressure. I have experience in miss design issues in all contract work. Family comes first but my family knows my work is very important. God bless
