 Information systems and System tester. During my studies I have found that my interest focused  
 particularly in business analysis which connect pieces of information together in order to determine

what the intended meaning of the information was meant to represent.

**Additional information**

I would like to work in your company to gain work experience in my field of study so as to gain  
 Salary you wish: R4000 R per month  
 knowledge while enhancing my career profile. I believe I would be the best utilised within day to  
 How much do you earn now: R0 R per month  
 day business operation of the company and I am good at working within both team environment  
 and on individual tasks. Completing my internship would give me excellent experience in your  
 company and would be an outstanding opportunity for me to explore different knowledge working  
 methods and practice the knowledge I gained at university.  
 Through my qualification at the university I have gathered good communication skills and able to  
 present my ideas in an understandable way and in confident manner. People around me can testify  
 that I relate easily with people, well organized, can work under pressure and I am able to adapt  
 quickly to new surrounding and situations. I have learned to work hard and achieve my aims with  
 great commitment and perseverance. Since I am looking for a new challenge, I would like to be  
 considered for a position at your company, because of the excellent reputation of your service for  
 offering internships.  
 An internship with you is of great opportunity and experience. If you have any additional questions  
 regarding my application please contact me via e-mail or my mobile phone.

Thank you for taking your time to review my application.

Yours sincerely,
