Curriculum Vitae (CV)

What job i'm looking for? My positive points

I strive to be a professional in all that I undertake and focus on the efficient and organized execution of my duties. In any company it remains important to inculcate a high level of leadership and initiative and I consider this to be one of my strongest points.

I would welcome any opportunities to structure and implement core programs and I realize the value and necessity of regular follow up and project management of envisioned programs and structures. I am more than willing to involve myself fully in all aspects of the company both professionally and interpersonally. Yet again, I aim to deal with everyone that I interact with, in a calm, reassuring and empathetic manner.
