Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm currently a student at the University of Johannesburg. I'm studying Banking and graduating later this year as I'm only doing one module for the first six months. I'm a very outspoken person who is always keen to learn more. Getting a job at this stage will be a stepping stone for me to kickstart my career. I do not have any working experience and would appreciate any employer to acknowledged that factor. I am more than willing to give it my positive energy.
