Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I hereby wish to apply for an in-service training (P1 and P2) in your company in the field of chemical engineering.

I am a young man of 25 years of age currently enrolled in Mangosuthu University of Technology doing National Diploma in Chemical Engineering. I am driven by success and work well under any conditions, good decision making skills. I can carry out instructions and also be creative. I can work as team or individually and able to work with accuracy and precision as these are the key aspects in the world of work.

I completed all theoretical requirements. In-service training is another step for me to keep on educating myself and being hands at the chemical plant, and it is essence in obtaining my National Diploma.

I will highly appreciate your assistance. Should you wish to get in touch with me to discuss my application or arrange an interview, I will be available at all times. I have included all my details in the accompanying CV.

Thank you for your consideration, and I look forward to hearing from you.

Yours sincerely,

.....
