Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I have a code 10 driver's licence with professional drivers licence (PDP). I am familiar with all locations and addresses around Johannesburg and possess the ability to read maps and use the GPS to navigate places that I have not had the opportunity to venture into. Additionally, I understand that a driver's work does not end at just driving the vehicle but there are other tasks that he has to perform. I understand the need for providing supportive services for unloading and loading merchandise from a light vehicle or truck and I have the capability to lift heavy weight effectively. My advanced knowledge of vehicles would enable me to diagnose and make minor repairs myself thereby ensure early detection of faults for preventive maintenance. Furthermore, I am well learned in driving laws and rules and strive to follow them at all times in order to ensure necessary safety. My driving work experience involves working for a private company on a time-on-task basis. Apart from that, I am currently assisting different people by picking up or dropping off them to their respective work places when necessary. In all these duties, I have been entrusted with using their vehicles. The two people that I have assisted have agreed to act as my referees for my abilities.

I believe that my maturity and eagerness to learn will enable me to be a valuable contributor to your company. On a personal level, I am a flexible, patient, self-disciplined, goal driven, focused, ambitious, independent thinker and hardworking individual.
