Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Administration is one of my strong positives as well as being a very fast learner and team player; I love working with people currently delegating work to more than 10 people per day. I am basically just looking for some escalation in my career more scope and a platform for growth. I recently completed a business management course hence the reason for me wanting to spread my wings. I know I can be an asset to any company.
