Curriculum Vitae (CV)

What job i'm looking for? My positive points

Dear Sir/Madam

I have learnt that it takes loads of patience, mental and physical strength and plenty of determination to really be successful at ones job.

I possess a keen sense of fairness and a strong willingness to learn and develop new skills wherever I find myself. I enjoy a challenge, especially those challenges associated with multi-tasking. I am resourceful and able to function well under pressure. I am a good strategist and have good writing, listening, planning and organisational skills.

I would, however, like to hold a position where I am able to grow further in order to develop and strengthen leadership and management skills and continue to deal with people.

I trust that I will be short-listed and get the opportunity to present myself further in a personal interview.

Regards

I.V Modise
