

# Fionn Van Eck

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Self motivated, confident, resilient, direct, very organised are but a few of my many great qualities that I have. I am authentic and always strive for excellence in everything that I do. Always being cognisant of different cultures, different times and different attitudes to a task that is at hand.

My experience within a very diverse environment has taught me to think on my feet to always be positive and never see a problem but only challenges.

My hard working diligent personality is something that I am proud of and I know that I will be an asset to any company as I am always very punctual with everything I do.

I am an extrovert by nature and therefore am not afraid to speak my mind but at the same time I do know when to have a certain decorum.

I am looking forward to be afforded an opportunity for an interview at your place of work.
