POLE WOMEN CLINIC SOUTH AFRICA

Tel: +27785641158 / whaatsap

Email: drmamapole@gmail.com

Welcome to pole Abortion Clinic

At pole "Women Clinic" we provide a friendly, safe, and professional care for women who have decided to terminate their pregnancies. We are proud of our reputation for treating each patient with distinctive care and the utmost respect. Because of this, we receive many referrals from doctors, hospitals, and clinics across the country. We offer same-day appointments Mondays through Saturday and Sundays with appointment

At all our "Abortion Clinic" branches we use the recommended medications to terminate-pregnancies. This medication has been studied for a number of years and it has so far not been known to cause any side effects.

You can purchase "Abortion-Pills" and we get them delivered to:

Gauteng

Cape Town

Mpumalanga

North West

Free State

Lesotho

Botswana

And also, we deliver to more parts of South Africa

The delivery is appropriate for all those who want to undertake the termination process in the comfort of their homes with a degree of confidentiality. Also those who are distant from our clinics may agitate for delivery services. If someone is less than 12 weeks "pregnant", it is safe to undertake the termination process in the comfort of their home without supervision of a gynecologist since at this stage, the pill induces a form of menstruation causing one to bleed a few minutes after using the pill. However, the pills must be taken as instructed by the doctor. Instructions will be provided upon delivery of the pill for appropriate usage.

to place your order and probably provide an address where you want the medication delivered.

WhatsApp / Call +27785641158

"Abortion Pills"/

Our intention is to keep abortion legal to all women avoid unplanned pregnancies

We use approved pain free terminantion pills to remove the foetus. So your safe 100%
