Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a 24-year-old journalism student who lives in Soweto, in need of a job. I am a determined young man who wishes to embark into a career in entrepreneurship and need start-up capital for the varied small business ideas I have. You should hire me because I deliver consistently above satisfactory and on time. I am eloquent, articulate and possess great negotiating skills - hence the preferred job description I have submitted in my application. My studies will not be a problem as the upcoming semester does not necessarily require me to attend lectures. I am a bit disorganised in terms of keeping my own routine but can easily adapt to working hours, because I take pride in being present for duty always. You will not be disappointed. Thanks...
