What job i'm looking for? My positive points

I'm quite looking for a job as a barman or barista. I have had more than ten years experience serving as a barman in the Kruger national park for natures group ,compss group and mugg and bean. I am very much interested on this job, and I think that I will be a proficient person due to the fact that my previous experiences have close relationship to the job I am looking for at the moment. I want to put on my experiences and enthusiasm to real use control such as the hospitality industries. I am energetic and keen to get ahead.
