

Siphetho Mbuyisa

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am writing this letter to apply for the position relating to my acquired Fitting & Turning certificate and superb machining abilities. I am confident that my skills are well aligned with the with the role and that i would be an excellent fit for the for organization.

During my Fitting & Turning training at Denel Aviation it allowed me to be able to use skills in the manufacturing industry for the benefit of the companies i previously worked for. I believe my knowledge of Fitting, Conventional Machining, CNC Machines and Bench Work would make me a great additional to your well known team.

During my apprenticeship at Denel Aviation i served as a leader of students because of my leadership abilities, positive attitude, thinking skills, communication, team work capabilities, self-management, willingness to learn, and of cause hard working. I am eager to take Fitting & Turning and machining skills to the next level and apply them in a professional setting. My extracurricular activities during my journey to the field has given me deep insight on the manufacturing industry and varied skill set that includes maintaining press tools, complexity machining on a conventional milling and turning, assembling, bench work, drilling, polishing of tools, and other necessary manufacturing skills. I believe i am a special candidate because of my huge exposure to both tool making/machining and fitting & turning industry.

I am a self-starter and pro-active young man with excellent attitude. I am a very competitive person, a healthy competition to specific. I always want to do something in a positive way. like I dedicate myself to it and give my focus as much as possible .I'm kind of a person who wants to extend my knowledge to other people and also .i don't deprive myself to learning something new which I believe a strong quality of a perfect team member. I am a passionate and determined to work as Fitter and Turner, working with machines and bench work as well.
