Curriculum Vitae (CV)

What job i'm looking for? My positive points

Hard worker, reliable and honest person. Good communication skills with anything I'm doing. Learn easy and fast in new environment.

I have been exposed to different areas of work that all granted me the opportunity to grow and develop in various areas. I have been challenged in various ways and through this I have learnt how to efficiently adopt to my surroundings. I strongly believe in the need to be introspective and reflective on my role and influence I have on others as though this one is able to appreciate where one is and be aware of areas in my personal and professional capacity. I have always been a hard worker and I have noticed myself being able to work well with others, being able to lead and be led. I always try to make sure that I do my best to thrive in whatever position I am in. The learning process that is part of every company I have worked for has been one of the greatest things I take away with me.
