What job i'm looking for? My positive points

Good day

I am looking for an administrator position as well as sales assistant because I have completed my Microsoft Certificate BA & also worked in Retail for 3 years as a cashier and sales assistant.

I am extremely motivated and also a team player, if I feel the need I'll always motivate my colleagues to get the job done as soon as possible. I know what it feels like to work with a slacker, it's frustrating having to pick up after someone else especially if the job requires us to rely on each other.

If there's a problem that I am unable to handle I'll always let my boss or supervisor know in order to get it sorted.

I'm loyal and trustworthy

And all I want to do is build a future for myself.

Thanks for reading
