

Sithabile Ntombela

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am an Urban and Regional Planning (Hons) graduate from the University of Witwatersrand who has recently ventured into the world of data analytics. I have experience in MS Excel, Power Bi, Python programming. My skills include graphic representation, report writing, professional communication and adaptability. I trust that I will be an asset in the professional environment because my academic background has exposed me to various fields of urban development as well as critical data analytics skills. I am very open-minded and inquisitive in my nature which makes working with different people and personalities an enjoyable experience. I enjoy learning from different people and sharing my knowledge because I believe in seeking different perspectives in dealing with challenges.
