Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am pleased to present my resume to you for a position as an Intermediate and senior phase teacher. I believe you will find me a dedicated educator who is well qualified to provide the motivation and direction students need to successfully learn.

The enclosed resume will testify to my career success and solid commitment to providing students with excellence in education. As you have note, I have earned a Bachelor of Education in teaching English (First Additional Language) and Life Orientation for senior phase/Life Skills for Intermediate phase. My teaching style is direct and decisive, yet flexible in responding to constantly changing demands.

Being a well-rounded educator, I have had the opportunity to teach at PHUMOSIZINI HIGH SCHOOL doing the internship for a duration of 12 months which gives me one year experience thus enhancing my teaching techniques and instructional methods. As a result, I have developed phenomenal communication, interpersonal, organisational, time management and leadership skills. Furthermore, I have become proficiency in developing comprehensive lesson plans; creating stimulating thematic units; and assessing individuals and the class as a whole.

One of my greatest strength as an educator is instilling a love for literacy in my students. I have true passion for literature and am adept at passing this on to my students. I accomplish this by incorporating Shakespearian words, which I help students translate into present-day English, as well as draw a direct connection between the works in question and everyday life. This method has helped me to reach out to each student. Facilitate their unique learning styles, and spark their interest.

I would feel privileged to secure a position as an English and Life orientation teacher in your school, and would welcome the opportunity to discuss how my extensive experience would best suit the needs of your students. I look forward to hearing from you at your earlier convenient.
