What job i'm looking for? My positive points

I'm looking for any available general job. I have an intermediate computer skills & short course certification.

I'm a very friendly person, enjoy to work with people to gain more knowledge , I can handle a lot of pressure. Able to solve a problem. Always dedicated to what I do, bubbly too but if I have to work alone after a training also don't have a problem as it can help me concentrate on my job. I'm very fast in terms of learning new things. I like challenges a lot because I learn a lot from them
