Curriculum Vitae (CV)

What job i'm looking for? My positive points

I would like a job in the electrical Field. Because right now I am. Working as an electrical assistance since 2012. It's just that I feel that the company I'm working for does not develop it's employees. But I'm a very hard working person can work under pressure. And loyal. I also learn very fast . But any job is ok
