Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a young 26 year old female. I am respected among my peers as being and honest reliable hardworking goal orientated enthusiastic not to mention a positive thinking individual.

I would like to take this opportunity to apply for any available post at your company not only to improve my skill but also to do what I love doing and to do it to the best of my ability

I personally doubt it that there is any reason why anyone should give up the chance in life to improve not only themselves but others around them as well.

I have worked in the industry for the past 5 years. I have completed my national senior certificate. I have also completed a basic computer course.

I do not have my own transport however I do plan on completing my drivers test so that I should gain my license in the near future. Even though I don't have my own transport I am a very punctual person.
