Curriculum Vitae (CV)

What job i'm looking for? My positive points

To whom it may concern:

Energetic and vibrant are two words that can describe my personality best.

I'm a young graduate who is focused on doing the job right and making sure both client and company's needs are met.

I'm very energetic and fun to be around. I work very well with a team and believe that team work helps with reaching the end goal because not 1 man can work alone. I'm very self-motivated with that I'm able to take initiative and also work come up with creative ways in problem solving.

My mind holds no limits to my capabilities and what I can do.

With my past work experiences I've learnt to put customers first and also learnt the importance of motivating others that I work with as we all want to achieve a similar goal.

I am the perfect candidate because I hold qualities that very few can place on paper but do not have in physical presentation.

Sincerely,

Dumisani Peter Nkosi
