Curriculum Vitae (CV)

What job i'm looking for? My positive points

Started working at checkers in Bloemfontein in 1998 and later was appointed by clicks group same year as assistant cashier and grew up from strength to strength in different departments and got manager position in 2005 and relocated to Kimberly and after 7 years of experience in Kimberly was relocated to kuruman where I'm currently staying with my two kids as single mom and resigned in the company early January this year with a great mark of being a store manager of the year and my aim was to further my career but due to unforeseen circumstances I'm currently unemployed and looking forward for great opportunities coming out at mining industrial so I would like to thank my company for giving me such an education and yo take it to others as well, have achieved a lot including my SETA certificate and grown in the business under the values being mostly honest, respect discipline to approach so I'm a natural person and has more focus and good vision personality so I will appreciate to be given an opportunity to any position as per CV uploaded
