Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am currently studying with the University of South Africa and because it's a long distance institution I spend most of my time at home. I am willing to accept any job coming my way until I finish with my studies and probably get a job of the qualification that I'm studying for. I am hardworking, focused, always willing to learn new things and I have good communication skills. I love interacting with other people, have a helping hand and mostly I believe in listening to what others have to say.
