Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a construction work such as brick layer because I have a experience. My late uncle use to work with me during weekends. We were depending on him so now am willing to learn more. I am a fast learner and willing to submit my self to learn more. I can manage to work under pressure and it become easy for me to know a person because I like to share the word of God with people. I fail my grade 11 twice but I never give up until I got my diploma. I am not that type of a person who give up easy.
