Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I am professionally registered at IOHS and SAIOHS as Technical Member, Project Management South Africa (PMSA). I recently started to shift my focus more into the direction of OHS, Risk management and Security management as I find this is where my interest and passion lies. For this reason, I furthered my studies in Security, where I completed Grade A security Manager and is PSIA Grade A registered. I completed fire-arm training for business purposes in handgun, self-loading rifle, carbine and shotgun. I'm in the process to apply for competency from SAPS. I do have basic fire-arm competency for handgun. I see myself as a creative, determined and positive person, always striving to reach the top of my potential. When I apply myself to something in life, I am fully committed to it. Over a period of 17 years, I have gained valuable experience in the building construction, civil engineering, OHS management environment. I have extensive experience in: - Designing, drawing and construction of reinforced concrete and steel structures, - Designing and construction of rural water distribution systems, - Design of municipal services aimed at water reticulation, storm water and sewer reticulation systems, - Project and contracts management, - Health Safety and Environment management, implementing and designing OHS systems, Risk assessments, internal audits, OHS legislation etc. I believe that due to my solid and moral-based standards, I have much to offer. I know that if I put all my effort, commitment, knowledge and time into my occupation, I will affect others in a positive manner and be an asset to your company.
