

Sbongile Tshitshi

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am an Electrical Engineering graduate, did my P1, P2 and an internship at Eskom for 18 months.

During my the internship program I performed the following duties:

Fault finding, Transformer maintenance, Joining cables, Commissioning and decommissioning of meters, programming protection relays, SCADA, compiling BOQ, writing technical reports and reading schematic diagrams.

I have the following skills:

Communication, time management, observational, instructional, telephone, customer service and interpersonal skills.

I do not have a lot of experience in the industry, this gives me an even greater chance to learn and upgrade my career, I believe I would add some value to your team as I am a very fast learner and I am very dedicated.

It would be of great honour if you could consider me for this position, I am eager to learn more and gain new experience in the industry, I would greatly appreciate it if you could give me the chance to grow within your company. Thank you for your time and consideration.

Kind regards

Sbongile Tshitshi
