Curriculum Vitae (CV)

What job i'm looking for? My positive points

I worked at Kakamas and Shoprite. That's the only places where I worked. I finished my matric on 2015, so far I can't say I have high level experience.

I went to Kathu college to study electrical engineering and I ended up on N2 which I'm having right now. Ending up there happened because of financial crisis, I'm from a poor family where I'm the only child that all eyes are looking at.

I'm so desperate for a job because I'm a breadwinner at home and am willing to do anything you can command me to do just to support my family.

I'm a loyal person who you can count on, I'm active and simple, I am not sturbon.

So, choosing the position of general worker is because I don't have any experience except of packing the stock in the shop.

That's all I can say about me.
