

Steve Wise

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a senior HVAC draughtsman that has worked in the industry for over 20 years now. My experience has been through working in duct shops through to site installation and commissioning of the projects. That afforded me the opportunity to progress into the drawing office and put practical experience onto paper. I have worked for HVAC contracting companies both permanent and contract positions and over the past 8 years worked for consulting engineers.

Preferred occupation	Draughtsman Engineering jobs
Preferred work location	West Coast Western Cape
