Curriculum Vitae (CV)

What job i'm looking for? My positive points

As a recent Credit management graduate of Tshwane University Of Technology, I have solid knowledge of management, law for credit managers and credit management and financial accounting. During my student years at the Tshwane university of Technology my lecturers told me I was the most efficient student they had ever worked with. When my classes required me to collaborate with other students on team projects, I was nearly always asked by my peers to organize the work and present the results. In addition, I found that my problem-solving skills were enhanced by working as part of a team and by considering other people's ideas.

Your company is leader in its business. while at the same time being a small, focused enterprise. Both of these qualities appeal to me greatly. I am actively seeking the kind of experience offered by working for a company focused innovative firm that is big enough to be flexible in response to the market.
