Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a very humble person who is easily understandable and also an understanding person. I do understand everyone's situations, no matter how difficult are they, but I try all my best to help where I can and if I cannot, I do not leave that matter unattended or unsolved but I proceed forward to get someone above than me who can help dealing with it. I do not mind working either indoors or outdoors but mostly preferring indoors. Working with any kind of a person to me it is not a problem since I can work with an individual's, partners or groups. Being challenged to me is very interesting because I like to deal at least with one new challenge a day to learn a new thing. I am not talkative person but an open one who speaks his mind about what I think and/or how I feel at that particular time. I cannot pretend to anyone or anything but I stand for my words and actions. I am also a very organised person, neat and very clean. Being early is my thing unless there is a valid reason being late maybe because of delaying of transport since for now I am using a public's one. If ever I fail to report to work, absent, I make sure that I alert my manager on time.
