

Antoniah Ramokone Magamatho

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm interested in mechanical engineering learnership, i have a Grade 12 certificate with mathematics 68% and physical science 59% i wanted to study further but i couldn't afford university fees so a learnership would be excellent for me to get a chance to prove my self and get a proper qualification. I used to work as an IT first line support without any relevant qualification and i excelled and even promoted to supervise this is the prove how determined i am and a quick learner. I promise to be an asset to the company that will hire me, i'm available immediately and i don't mind working shifts as i used to work shifts.

Preferred occupation	Engineers Engineering jobs
Preferred work location	Mokopane / Potgietersrus Limpopo Phalaborwa Limpopo
