Curriculum Vitae (CV)

What job i'm looking for? My positive points

I would make the perfect aupair because I am a qualified aupair and I have experience when it comes to taking care of kids. I have looked after kids since I was 16 years i.e. I started taking care of my young sister when she was 4 months old since my mother was always at work and coming back home late. When my little sister turned 3 I would look after her and my mom's friend's kids (3 of them) everyday school. . I would love to become your next aupair because I love children and enjoy spending time with them. I am very aware that being an aupair is being a part of the family and comes with responsibilities along hense I am prepared to take responsibility of your children. I gained a lot of experience; I am able to deal with difficult children and know how to communicate with them without being harsh.
