Curriculum Vitae (CV)

What job i'm looking for? My positive points

Am currently studying towards my M.Eng in Electrical and Electronic Engineering, focused on renewable energy. My specific field of study is machine control (specifically sensorless vector control). I have always excelled in leadership and communication positions with punctuality, discipline, dedication and ability to work under pressure being my key skill. I am well acquainted with Microsoft Office and Latex, with an article currently being published internationally on IEEE. I am very handy with computers, being literate in various programming languages, especially Matlab, Simulink, Python and Java. I have a lot of experience in various different software, specifically Autodesk, NI Labview, Inkscape, Photoshop and even Adobe After Effects. I am a quick learner and will adapt quickly to whichever task is at hand.
