Re: Application for Suitable Position at your Organization/ Company

With regards to the above position, I have great pleasure in submitting my Curriculum Vitae to you for this position.

I have worked at other industries such as Improchem, Hosaf, Impo-Industries and Quantum Polymers. I had the experience of working in the office environment, in laboratories and having plant exposure. I have already completed my degree (B-Tech) in chemical engineering at DUT at the end of 2019, student number 21353856.

I believe I am a good team player and have excellent inter-personal skills. I strive to maintain a positive attitude towards my work and my team members. I attend to my duties assigned to me willingly, promptly and with reliability, so much so that I can perform my duties without supervision from my superiors, which has enabled me to form a trustworthy relationship between my superiors and team members. I believe my genius potential to problem solving and troubleshooting assist me in discharging my tasks in a diligent but sincere manner.

I believe I am suitable for the position because I am dedicated, always willing to learn and try new ideas meticulous with attention to details and have good interaction and communication skills. I enjoy teamwork, sharing of ideas and information. I think with creativity and always attempt to think outside the box. I am excited by new challenges and always attempt to solve problems timeously and accurately. I always ask questions to further my knowledge and capabilities if I am not sure of any aspect relating to my task. I am not afraid of hard work; I persevere and prefer always coming out with solutions rather than excuses.

I look forward to a favorable response.

Yours faithfully

Sherlina Singh
