Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a detail-oriented recent University graduate (NDip in Software Development) from Tshwane University of Technology. During the course of my academic career, I also managed to acquire nearly 4 years of work experience. I had the privilege of working for MAH Quests Enterprises in a Business Analysis and Software Developer Intern role, where I learned valuable professional skills such as database design, database development and programming. I am now working as a Quality Assurer and Trainer. Whether working on academic, extracurricular, or professional projects, I apply proven problem-solving, teamwork, and research skills, which I hope to leverage into the role at your company.
